

The Youth STEM Summit will bring together youth globally for a 2 day virtual event to be inspired, gain skills and take action to tackle the world's biggest challenges. We're giving young people the opportunities, support and platforms they need to realise their potential at the forefront of progress towards the UN Sustainable Development Goals - and your organisation can join us as Partners!

Learn about global issues through inspiring talks, and be empowered to take action

DAY 1

Gain skills to lead change across 6 streams

Research	Innovation
Leadership	Empowering Others
Entrepreneurship	Social Action
